I'm a boy with a heavy heart,  
It's a burden in my chest,  
And to be honest right now,  
It's not working the best,

I'm a boy with steady start,  
This time I'll do what I should,  
You always had faith that I would,

Not a master of words,  
And I don't wanna go about this the wrong,  
So I'll write another song about you, about you.

Do me a favour,  
And make this easy for me.  
Cause I don't know what to say,  
And I'm afraid that I'll say anything.

Do me a favour,  
And don't cry over me tonight,  
Cause I think you'll be alright,  
I think that you'll survive.

I am having trouble speaking up,  
This is just as hard for me,  
But if you let me explain,  
I'm sure you will agree.

I wish your eyes were glaring back at me,  
It's the worst thing,  
You look perfect tonight,  
Gotta get my head on straight,  
I think I'll be alright.

Not a master of words,  
And I don't wanna go about this the wrong,  
So I write another song about you, about you.

Do me a favour,  
And make this easy for me,  
Cause I don't know what to say,  
And I'm afraid that I'll say anything.

Do me a favour,  
And don't cry over me tonight,  
Cause I think you'll be alright,  
I think that you'll survive.

Do me a favour,  
And make this easy for me,  
Cause I don't know what to say,  
And I'm afraid that I'll say anything.

Do me a favour,  
And don't cry over me tonight,  
Cause I think you'll be alright,  
I think that you'll survive,  
I think you'll be alright,  
I think that you'll survive,  
I think you'll be alright,  
I think that you'll survive.
