"From The Heart"

I know you've been heard these words a hundred
other times before

And you've been hurt and so your heart has chose to
close the door

love brooks your heart and brought you lies

look in my eyes

you'll see a love that's deep and true

tender and strong and all for you

you can trust this love

honest, that's the honest truth.

from the heart

i'm giving you everything, everything

from the heart

i promise you that i'll be there

i'll be there to love you

from the soul

i'm showing you all i feel, all i feel is

from the heart, from the heart.

i will protect you and respect you and be all you need

and when you reach for love you'll only need to reach
for me

these arms will never let you down

they're staying around
i'll walk with you through every storm
i'll keep you safe, i'll keep you warm
and you'll have no doubt
you're the one i'm living for
repeat chrous
i'll provide the love you need
just trust my touch
believe in me
i'll never make you cry
giving all i've got with all i got inside
