I know
I've not been easy to live with
I guess that I can say
The same 'bout you
But I've been around just long enough to learn
That nothing in this life's for free
So remember when you're down and out baby
You can still count on me

Look at me now
Through the good times and the bad
I'll never stop believing in what we have
I say to myself "Keep trying"
And that's what I'm gonna do
As long as I have you

I can't tell you 'bout tomorrow
I can't even swear about today
But I know that I'm not solving any problems
By running away
So here I stand
Not knowing what to say
I need to love you in my own strange way
And this far down the line
It's time for me to say
I'm here to stay

Look at me now
Through the good times and the bad
I'll never stop believing in what we have

I say to myself "Keep trying"
And that's what I'm gonna do
As long as I have you

And heart to heart
We can start all over
It's just a matter of trying
I was trying to hide
I was running for cover (running away)
While our love was dying

Look at me now
Through the good times and the bad
I'll never stop believing in what we have (never baby)
I say to myself "Keep trying"
And that's what I'm gonna do
As long as I have you

So take a look at me now
Through the good times and the bad (I'll never stop
believing)
I'll never stop believing in what we have (no, no)
I say to myself "Keep trying"
And that's what I'm gonna do (that's what I'm gonna
do)
As long as I have you (oh no)

That's what I'm gonna do, baby
I'll never stop believing
