(b.andersson/b.ulvaeus)

First release 1994

We're not the stars of a hollywood movie
So what's the use to pretend
I'm not so charming and you're not so groovy
You've gotta face it my friend

Dream world
You've been living in a dream world
Trust me
You just can't escape from reality
Boy meets girl
Doesn't mean they're in a dream world
Here I am, there you are, we've gotta make it together
And we've made, it so far, so it can only get better

When you reach out
And you say to me 'how I love you girl'
When I hold you
Baby can't you see
It's a real dream world

You had your hopes and your high expectations
Somehow it doesn't seem right
I'm getting fed up with your accusations
I'm not your angel in white

Dream world
You've been living in a dream world
Trust me
You just can't escape from reality
Boy meets girl
Doesn't mean they're in a dream world
Here I am, there you are, we gotta make it together
And we've made, it so far, so it can only get better

When you reach out
And you say to me 'how I love you girl'
When I hold you
Baby can't you see
It's a real dream world

Dream world
You've been living in a dream world
Trust me
You just can't escape from reality
Boy meets girl
Doesn't mean they're in a dream world
Here I am, there you are, we gotta make it together
And we've made, it so far, so it can only get better
