=====  
Abba - Summer Night City (full-length version)  
=====

Lead vocal: Agnetha/Frida

In the night a new day dawning  
And the first birds start to sing  
In the pale light of the morning  
Nothing's worth remembering  
It's a dream, it's out of reach  
Scattered driftwood on the beach

Summer night city...  
Summer night city...

Waiting for the sunrise, soul dancing in the dark  
Summer night city  
Walking in the moonlight, love-making in a park  
Summer night city

In the sun I feel like sleeping  
I can't take it for too long  
My impatience slowly creeping  
Up my spine and growing strong  
I know what's waiting there for me  
Tonight I'm loose and fancy-free  
Aa-ahhh

When the night comes with the action  
I just know it's time to go  
Can't resist the strange attraction  
From that giant dynamo  
Lots to take and lots to give  
Time to breathe and time to live

Waiting for the sunrise, soul dancing in the dark  
Summer night city  
Walking in the moonlight, love-making in a park  
Summer night city

It's elusive call it glitter  
Somehow something turns me on  
Some folks only see the litter  
We don't miss them when they're gone  
I love the feeling in the air  
My kind of people everywhere

When the night comes with the action  
I just know it's time to go  
Can't resist the strange attraction  
From that giant dynamo  
And tomorrow, when the dawning  
And the first birds start to sing  
In the pale light of the morning  
Nothing's worth remembering  
It's a dream, it's out of reach  
Scattered driftwood on the beach

Waiting for the sunrise, soul dancing in the dark  
Summer night city  
Walking in the moonlight, love-making in a park  
Summer night city (repeat 2x and fade)
