[Lil Wayne] No regrets at all I'm high and I hope you catch the fall Welcome to my lecture hall You can't shake my infection off Take me to your leader and I promise I will be the man Swim until I see the sand Then die soon as I reach the land The water's over our hands What happened to our plans? Swim until I see the sand Then die soon as I reach the land! [Chorus: Lil Wayne] This is my resurrection, so fuck yo' resolution I don't need no protection, I don't need your confusion Don't know what to believe { *3X* } Don't care what you believe Cause I'm so over you, yeah I'm so over you Yeah I fly over you, cause I'm so over you [Shanell] I did everything by the book - book (book) book (book) Scribblin all over all of the notes that I took (took) took (took) Find that you're no better than a crook...
