[Lil Wayne] The loser, microphone abuser Feet hurtin, I just walked from Jerusalem So you should get on the side with the movement I'm the proof and I'll die just to prove it What'cha wanna know? Anything whatever I can't tell ya, I could show ya better Me me and my gun, we took an oath together Said I will never die, if we both together Yea! This is my testifacation I'ma weigh-in on they heads like precipitation And in Hell, you you need justification But, but for me it was just a vacation Hehehehe, yeah [Chorus: Shanell] Somebody tell me when's it gonna end Where's it gonna end up Runnin { *5X* } Runnin out When's it gonna end Where's it gonna end up Runnin { *3X* } RUNNIN OUT!! [Shanell] I lost all my money, I lost half my mind Can't find my direction, where's the finish line? Could I be that far awayyyyyy from it all, have farrrr to go If I could stay for it all, then I shouldn't fall [Lil Wayne] But if I fall I fall up, and let the clouds hug me And If I fall down I bet I hit the gound runnin Bet you search and found nothin, lookin for the finish line Stop shortcuttin, you fucking up yo' finish time Geyeah, but every twice in a while It feels like I'm runnin, and life is the miles Yeah! But until the lights dimmin down I'll be runnin 'round, runnin { *echoes* } [Shanell] Will you tell me [Chorus] [Shanell] Countin all my pennies but it doesn't add up At the mercy but somehow it ain't enough Readin all the red lights tryin not to give up But I don't know how long it's gonna last, ohh [Lil Wayne] It's almost over now I said it's almost over now The end is gettin closer now Better do what your supposed to cause the world is on your shoulders now [Chorus] [Shanell] When's it gonna end? Where's it gonna end? Runnin, runnin out [Lil Wayne] Yeah! I'm runnin outta time, I'm runnin out of space Feel like I'm runnin 'round, but I'm runnin in place We all in the race, I'm just another sprinter If there's no finish line, then who's the real winner?
