I'm finally there,
Earth meets the sky,
All over my face
Rain is falling down,
Falling down, down, down

People seem so high
Happiness is mine,
it's mine, oh
I can't go faster than you
I can't be stronger
So take my hand, don't let everything go

I can hold you, for a while, for a while, yeah,
I can keep you, for a while, for a while, yeah,
I may let you go, when you want to, when you want to

How far can we go
To see the world I know,
I know, oh!
We can stay there till the end of time, time
Of time, oh!

We can go faster,
We can be stronger,
So take my hand,
Don't let everything go!

I can hold you for a while, for a while, yeah,
I can keep you for a while, for a while, yeah,
I may let you go, when you want to, when you want to

You're finally there,
Earth meets the sky
All over your face
Rain is falling down.

People seem so high,
Happiness is mine, mine, oh, mine, oh!

I can hold you for a while, for a while, yeah,
I can keep you for a while, for a while, yeah,
I may let you go when you want to, when you want to, yeah, oh...
I may let you go, when you want to, baby.
