I've searched the fields of gold,  
It's all the same, I start to lose my hope,  
I'm searching for the road  
To get me back to you, back home,  
'Cause I've been out of days,  
'Cause I've been like leaves in the fall,  
'Cause I see somehow,  
I see the road and I'm coming down

Oh, oh, I see the road and I'm coming,  
Oh, oh, I see the road and I'm coming...

I've searched the fields of gold,  
I hear your voice, I know that I am home,  
Afraid I won't belong  
To get get back to you, back home,  
'Cause I've been out of days,  
'Cause I've been like leaves in the fall,  
'Cause I see somehow,  
I see the road that I'm coming down

Oh, oh, I see the road and I'm coming,  
Oh, oh, I see the road and I'm coming... home.
