You oughta be in pictures,
You're wonderful to see,
You oughta be in pictures,
Oh what a hit you would be!
Your voice would thrill a nation,
Your face would be adored,
You'd make a great sensation
with wealth and fame your reward;
And if you should kiss the way you kiss,
When we're alone,
You'd make ev'ry girl and man
A fan worshiping at your throne.
You oughta shine as brightly
As Jupiter and Mars;
You oughta be in pictures,
My star of stars
