

I Dream In Colour

"Wide Awake"

I'm wide awake
I'm weary eyed
I need another place to hide
I wanted you to want me on your mind

It's the way you are
The way you walk
It resonates the way you talk
I wanted you to want me in your life

And where are you now
I want it all
And where are you now
I want the world to know, to know
I want the world to know, to know, to know

If I turn my back on the world tonight
Would you cover me with an alibi
Would you mean it
Would you mean it
Would you mean it
If I've fallen over the border line
Would you comfort me with a compromise
Would you mean it
Would you mean it
Would you mean it

I'm wide awake
You're teary eyed
I never meant to make you cry
I wanted you to want me on your side

It's the way you are
The way you walk
Something in the way you talk
I wanted you to want me in your sight

But where are you now
I want it all
And where are you now
I want the world to know, to know

I want the world to know, to know, to know

If I turn my back on the world tonight
Would you cover me with an alibi
Would you mean it
Would you mean it
Would you mean it
If I've fallen over the border line
Would you comfort with a compromise
Would you mean it
Would you mean it
Would you mean it

If I turn my back on the world tonight
Would you cover me with an alibi
Would you mean it
Would you mean it
Would you mean it
If I've fallen over the border line
Would you comfort with a compromise
Would you mean it
Would you mean it
Would you mean it
