How can you live with yourself,
And all the misery you create?
FROM FAKE DESTRUCTION, TO FAKE DISEASE, I BET YOU
BELIEVE.
That you'll be better than the rest of us, 'cause you'll do
anything to
Impress.
You're locked inside your caves, under a thousand
waves.

You're concealed in all your lies,
Let's rip off your disguise.
You're drifting far away,
Without a single word to say.

YOU ARE THIS CLOSE TO DROWNING.
To drowning.
YOU ARE THIS CLOSE TO DROWNING.
To drowning.

So ask it mirror, mirror on the wall:
"WHO'S THE FARIEST OF THE ALL?"
But you're too busy getting fucked,
Knocking on doors you know are locked.

This ship is sinking, SO ARE YOU,
But you're the captain so you better stand true.
You're going down with your crew,
With all the ignorance inside you.

You're concealed in all your lies,
Let's rip off your disguise.
You're drifting far away,
Without a single word to say.

YOU ARE THIS CLOSE TO DROWNING.
To drowning.
YOU ARE THIS CLOSE TO DROWNING.
To drowning.

You faced a world who welcomed you with a cold

shoulder,
But you turned even colder.
You faced a world who welcomed you with a cold
shoulder,
But you don't even seem to bother.

You're concealed in all your lies,
Let's rip off your disguise.
You're drifting far away,
Without a single word to say.

You're concealed in all your lies,
Let's rip off your disguise.
You're drifting far away,
Without a single word to say.
