VERSE 1:

My mind keeps on spinning, but your heart's not
around
And I need you here right now
I was drowning in a pool full of love
But then I realized I've had enough

CHORUS:

This is for my brothers and sisters
All the trouble makers
Who are trying to get back at me
This is for my brothers and sisters
All my enemies
Who are trying to fight with me

VERSE 2:

I followed the wind until it turned into waves
And now I've got nothing left that I can say
You broke my heart, you crushed my soul
Baby, did you know you made me run away?
And I'm never coming home...

CHORUS:

This is for my brothers and sisters
All the trouble makers
Who are trying to get back at me
This is for my brothers and sisters
All my enemies
Who are trying to fight with me

BRIDGE:

I got so lost along the way
I got on my knees and I started to pray to you, only you
I got so down I lost my faith
All I need is your sweet embrace to keep me...
I need you to keep me away from you

CHORUS:

This is for my brothers and sisters
All the trouble makers
Who are trying to get back at me

This is for my brothers and sisters
All my enemies
Who are trying to fight with me

My mind kept on spinning and you were never
aroundÂ...
But now I've realized I'm better off, yeah
