**VERSE 1:**

So sick of a broken heart  
I think I need a new start  
I should be heading back home  
To spend some time alone  
You hypnotize my soul  
I think I should roll, roll, roll, roll, roll

**CHORUS:**

I think I should roll, roll, roll, roll, roll..

**VERSE 2:**

You're so hot I can't even see  
Oh wait, I need that time to breathe  
You've got my love on lock  
And I don't know how to stop lovin' you, lovin' you  
It's so addicting

**CHORUS:**

But I think it's time to roll, roll, roll, roll, rollÂ...  
I think I should roll, roll, roll, roll, rollÂ...
