

## Asphyx "Frozen Soul"

Visit "[Frozen Soul](#)" on [MotoLyrics.com](http://MotoLyrics.com)

a soul made of ice  
and the invention of fire  
didn't melt my heart  
it got even colder  
my soul remains frozen  
as it has been for a thousand years

no feelings at all  
you know I got no feelings at all  
frozen soul

at the beginning of time  
i was born  
into a family of conquerors  
destined to do death  
stonecold obsession  
for the destruction of life

you know that i'm the son of man  
you made me to what I am  
the fear of me is a product of your past  
forever, that's how long I'll last

no feelings at all  
you know I got no feelings at all  
frozen soul  
I exist-  
by the grace of your coldness  
by the grace of a breed of rats  
by the grace of a god who failed  
by the grace of the one you hail

you know that i'm the son of man  
you made me to what I am  
the fear of me is a product of your past  
forever, that's how long i'll last

a soul made of ice  
and the invention of fire  
didn't melt my heart  
i got even colder

no feelings at all  
you know I got no feelings at all  
frozen soul
