Mercy ringtone on your mobile phone

I don't doubt your heart

I won't make you tell

I won't break your arm

I won't make you cold

I won't waste your time

I don't think you're wrong

Already suffered

Enough to last for two lives

Not half as much as most guys

Mercy Mercy Mercy

You won't stay alone

You don't see yourself

You don't mean your words

Already suffered

Enough to last for two lives

Not half as much as most guys

Mercy Mercy Mercy
