Well I never thought in my wildest dreams
That anyone could be hung up the way you seem to be
If you were real(?) and the peoples friend
Then I'd understand
This impression that you're sending me

Don't you know the city can leave me cold
Everybody's so determined to be bought and sold
Let's get something
Out of the way
Nobody owns me no matter what they say

But baby, at this moment it seems that you want me
Ooh baby, at this moment it seems that you care
Oh yeah
Ooh baby, at this moment it seems that you want me
Oh baby, feels like we're already there
Yeah, yeah

It's up to you do what you wanna do
You can tell the truth or not
Come on baby, you might as well dance all night
There comes a time in everybody's life when you gotta
do or die
Oh baby, please don't be uptight

Well now, even the strings on a fiddler's bow don't stay
uptight forever
Baby, don't you know that
One day soon you're gonna have to crack
'Cause otherwise you're gonna give yourself a heart
attack

Ooh baby, at this moment it seems that you want me
But baby, don't leave me up in the air
No, no, no, no

It's up to you do what you wanna do
You can tell the truth or not
Come on baby, you might as well dance all night
There comes a time in everybody's life when you gotta

do or die
Oh baby, please don't be uptight
