[Ludacris]

Ow! Track-stars woo...hey... DTP  
Let's Go

[Chorus: Bobby V x2]

She's dangerous, super fast  
Better watch out she'll take ya cash  
She's a gold... digger  
She's a gold... digger

[Ludacris]

Yeah, she's a money magnet, smell a dollar bill in ya clothes  
Gold digger style from her head to her toes  
You hear me sayin no don't mess with this dress  
She's out to get ya dough none more none less  
Shes lookin' for a prize, man you killin me  
Actin like you don't see the dollar signs in her eyes  
You wanna nail done, and I help, too  
Plus a diamond necklace, thats all on you  
You still can't see it, yeah you a sucka  
If you do it homeboy man I couldn't be it  
Hypmontised by her goodlooks?  
Yeah maybe, but a victim for a good crook? Nope not me!  
Consider yourself worn so you can stay  
Or you can stick to my rhyme and get the heck away!  
Either way, go figure, she's a gold digger  
Gettin' close as your bank row grows bigger

[Lil' Fate]

You gotcha way witha beauty  
A treat with a brain  
When she look at you she only see "ching-ching"  
Be around your neck, reel around your arms  
A championship ring, she must be a bowla hard  
She turns on the leader, as soon as you need her  
Unless you bite the bait, you look mighty thico  
When money talks she ticks like F.B.I  
Ready to handcuff the right guy  
Look you in the eye, and tell a boldface lie

Schemin on the way to money yo, well ya tried  
Guess its a game now, gotta watch who you trust  
Like her because, its only out for your books  
Ye sir, she's all about being paid  
At the end of everyday its a fine new grade  
What more can I say? But the wires up front  
Better watch out, she'll leave yah with insuffiant

[Chorus X2]

[Bobby V]

She's so phsyical  
I say movie stars you better watch your back  
She'll be spending up your cheque  
Oh yeah. For the growin... just won't stop  
Will be rottin in your eyes  
She's a...Gold digga, gold digga, gold digga yeah

[Ludacris]

She's dreaming schemin on a way to get your dough  
She dig a lot of reelin now hit the flow, you just don't  
know  
because you got got and thats for show

[Lil' Fate]

Oh eyah she's a superstar chick  
But don't do it unless you got miles of risk  
Dhe's a hemstraigh run a mile in the olympics
