[Monica] I can't live with ya, can't live without you I say I  
can't live with ya, can't live without you Ooh I can't live  
with ya, can't live without you I can't live with ya, can't  
live without you [Ludacris] One day I love you, the next I  
can't stand you Huh, it's too much for me to handle I  
made my mind up thinkin I'm on the right track So then  
I leave you, but then come right back And I don't like  
that, I swear I'm so confused Don't know what I want or  
what's the right thing to do But the right thing is you,  
you're my destiny Even at my worst you still bringin out  
the best in me But then you testin me, know how to  
push my buttons Fussin, fightin, yeah we always gettin  
into somethin So mad I make you cry, then we make  
love A never-endin cycle, make up to break up It's time  
to wake up, I need to smell the coffee Play with these  
other women, or get 'em all off me And you wonder  
why your man'll just doubt ya Can't live with ya, can't  
live without ya [Chorus: Monica] I can't live with ya,  
can't live without you I say I can't live with you, can't live  
without you Ooh I can't live with ya, can't live without  
you The one thing that I know, is I can't seem to let you  
(go) You got me to the point of walking out the (door)  
And then I find myself coming back for (more) I don't  
know what to do Cause I can't live with ya, and can't live  
without you [Ludacris] One day I love you, the next I  
can't stand you Huh, it's too much for me to handle  
One minute naggin me, always harrassin me Next  
minute squeezin me, huggin, kissin and grabbin me  
Just when I think it's cool, you back startin shit Findin  
the smallest things just to start an argument Goin  
through my phone, KNOW you shouldn'ta took it though  
I hope your stupid ass find what you're lookin fo'  
Stormin out the house mad, throwin breakin shit Callin  
your girls, exaggeratin and fakin shit Pack your clothes  
like you really 'bout to leave this time KNOW you  
messed up but actin like it's me this time It's a revolv  
door, that keeps spinnin 'round Are we gon' be  
together, or are we finished now? And you wonder why  
your man'll just DOUBT ya Can't live with ya, can't live  
without ya [Chorus] [Monica] When the going get tough  
and the fightin be rough Now some folks may call it

hood but I guess we call it love I be askin for your touch  
then I don't give you my trust First I hate you with a  
passion then I can't need you enough I be, wantin to  
spend my whole life wit'chu And I be, talkin 'bout how  
you and me are through And my mind says yes but my  
heart says no And my mind says walk but my feet won't  
go away yeahhhh See I be tellin you to go but deep  
inside I want you to stayyyyy Uh, and you know how to  
make me smile but at times you ruin my dayyyyy Ooh,  
we gotta get better Gotta get it together And you  
wonder why your girl just doubt ya Can't live with you,  
can't live without youuuuu [Chorus]
