We should feally just party forget about our plans
forget about our douts
Tonight I really want this to be a night that we can say
we are
Forever

Chorus:

Tonight we are gonna dance like there's no tommorow
like
There's no tommorow, just act wild and crazy

Well you can say that other people are crazy but you
never include
Yourself, well tonights the night that we will be wild and
crazy oh we can
Be frustrating just wild and crazy

Repeat

Chorus

Oh tonights the night we laugh we sing we dance and
just wild and
Crazy

Repeat

Chorus

Just act wild and crazy
