Don't close the door
It's cold outside
Nothing seems the same anymore
It is changing
Then I can't got wrong
So tell me now

Is it something I said
Is it something I knew
Is it something in between
You and me
Just you and me

My words start in excuses
You're in excuses
The distance between you and me
Don't fill the way to memorie

Is it something I said
Is it something I knew
Is it something in between
You and me
Just you and me

Don't matter what I say
Well, I am losing

It's no matter what I do
I'm lost, I'm losing you

Is it something I said
Is it something I knew
Is it something in between
You and me
Just you and me

And how could I know
That's when I would go home
Different story's waiting for your lies
So tell me the lie

Is it something I said

Is it something I knew
Is it something in between
You and me
Just you and me

It circles in my head
It's slipping into the time
You felt sorry for yourself
You only felt sorry for yourself
