Guess it's something that the boys don't stop
When you think good time means to get lost just one
night
I should remember all the lives I saved
Everytime I said I'm too hard to love
But tonight it's different
I can feel the summer coming on
And I stopped listening to this little
Voice inside my brain
Never mind too much fight
To much fight, too much

Wanna come around
I want you right now
I want you right now
I want you right now

Wanna come around
I want you right now
I want you right now
And you don't know how

My heart is breaking down
And the lights went out
Would you come around
Would you take me out

Come around
Come around

Called the friends in common we had
Asked where you at yeah that's a good start
It feel so stupid to run in the dark
Looking for this girl who can get me back
But tonight's different

I can feel the summer coming on
And I stopped listening
Never mind too much fight
Never mind too much fight

Never mind too much fight
To much fight, too much

Wanna come around
I want you right now
I want you right now
I want you right now

Wanna come around
I want you right now
I want you right now
And you don't know how

My heart is breaking down
And the lights went out
Would you come around
Would you take me out

Come around
Come around

Words try to come out there
But you shut them with your hand
Horses in the rain
Horses in the rain

Words try to come out there
But you shut them with your hand
Horses in the rain
Travellers in the sun

Wanna come around
I want you right now
I want you right now
I want you right now

Wanna come around
I want you right now
I want you right now
And you don't know how

My heart is breaking down
And the lights went out
Would you come around
Would you take me out

Come around
Come around
