Bird, I'm flying overseas
I don't have time to please you
But I'm a little blue

Now, your necklace in the mud
Blood in the street and no light
I'm helping you to cry

Same thing, I give in
(Same the same thing give it to me)
Watch that blast!
[x2]

Bird, I'm flying overseas
I don't have time to please you
But I'm a little blue

Same thing, I give in
(Same the same thing give it to me)
Watch that blast!
[x2]

I'm flying overseas
I don't have time to please
I'm helping you to cry
Helping you to cry

Same thing, I give in
(Same the same thing give it to me)
Watch that blast!
