Word of utter destruction  
Spell of termination  
Annihilating living flesh  
The Organic Holocaust

Flesh To Dust !  
Bodies To Ashes !  
Flesh To Dust !

Evolution, of billion year  
Destroyed, in a segment of second  
Pain, so unbearable  
But only, 'till the End (so short a time)

Death strikes so fast  
Like the lightning from the sky  
Memories of the past  
Away they all will fly

Disintegration of flesh  
Evaporation of organic matter  
Cells of living creatures  
Screaming for eternities

Flesh To Dust !  
Bodies To Ashes !  
Flesh To Dust !

The spell now finally finished  
The dust blown away by the wind  
Nothing remains of the life that has passed  
Because the flesh is always weak
