I enter the gates  
Into the realm where nothing dies  
But I'm still so cold inside  
Mesmerized...  
By visions past and gone  
Till the end of time  
I will eternally dwell  
Im dunkelsten der St?rme  
Falle zusammen die Kerkerwand  
Die mich schier endlos band  
Und herrlicher und freier walle  
Meine Seele ins unbekannte Land  
In the darkest of storms  
May crumble the dungeonwall  
That bound me almost endlessly  
And delightful and free may pilgrimage  
My soul into the unknown land  
I fly with the raven  
Through timeless spheres of frost...  
Through wasted lands of dreams  
Geflohen vor der Wirklichkeit - vor Ewigkeiten  
Und jenseits der Schw?rze erstreckt sich  
Ein unendliches Meer aus Grau...  
Ein Meer aus gestaltloser Leere  
Doch die Qualen und der Schmerz verbleiben  
Als Erinnerungen an die vergangene Zeit  
Stolz und doch verzweifelt...  
Und in meinem Innersten hoffe ich  
Da? mein Leben nur ein Traum ist...  
Fled from reality - for eternities  
And on the other side of the blackness  
An endless sea of greyness extends...  
A sea of formless emptiness  
Yet the misery and the pain remain  
As memories of passed time  
Proud yet desperate...  
And deep inside I hope  
That my life is just a dream...  
The moon is my blanket  
In this cold domain  
So ancient - so cold...

As a nightmare creature I crawl  
Awakened from my sleep  
To forever be...  
Wiedergeboren...  
Bei den drei Monden durch Mittwinters Tore  
Reborn...  
By the three moons through midwinter's gates  
I'm a shadow on haunted ground  
Laughing in sorrow  
Crying in lust  
The storm is calming and death is rising  
Evil - as pure as night  
Proud - full of sin  
Once again I'll rise...  
To survive eternity...
