Boarding completed!  
Cabin crew, close the door.

Ladies and gentlemen welcome aboard  
On Xott Air fligh 666  
From Marianhaminan lentoasema  
To Hell Sinki Vantaa lentoasema.  
We are flying with Aerospataile Concorde  
Which is secured with six emergency exits:  
Two in the front, two in the rear and two above the  
wings.  
Please, check where the nearest exit is.  
Each exit will be clearly marked on floor.  
Ladies and gentlemen,  
Put your seats in seating position,  
Pull up your tray tables  
And fasten your seat belts.  
To fasten your seat belts  
Insert the metal fitting one into the other  
And tighten by pulling on the loose end of the strap.  
To release your seat belt,  
Lift the upper portion of the buckle.

Ladies and gentlemen listen carefully to safety  
demonstration.  
In the case of oxygen loose,  
Oxygen mask will fall automatically  
From the compartment above your seat.  
Put the mask over your mouth and nose  
And breath normally.  
If you are seated next to somebody  
Who needs assistance,  
Put the mask first to yourself,  
Than to the person next to you.  
In the case of emergency landing on water,  
Each passenger is secured with a life vest  
Which is located underneath you seat.  
Put the life vest around your head on your arms.  
Life vest activates by blowing in the red tubes  
Or pulling the red tabs.  
Life vest also has a light to attract attention.

Activate the life vest while leaving the plane,  
Not earlier.

Ladies and gentlemen,  
We are expected to be in Hell Sinki in  
6 hours and 66 minutes.  
There is severe storm ahead of us,  
So we are expecting some turbulence.

We would kindly remind you that  
Smoking is not allowed on each Xott Air flight.  
We would kindly ask you to turn off  
Your electric equipment during the flight.

Cabin crew, prepare for takeoff.
