I had a few dollars saved down at the bank
Yeah I had a good job I was riding on full time
I went out last night, spent my last dimes
I ended it up in the welfare
But nothing in this whole world
Is gonna bring me down
But nothing in this whole world
Is gonna bring me down
You don't need to be a rich man
To know how to paint the town

So if you're looking for me
And I'm not around
Heard ...where I keep found
Said nothing in this whole world
Is gonna bring me down

Had a good woman, waiting for me at home
She was a sexy little thang that I could call my own
But I guess that ...in the end
She ran off with my best friend
Nothing in this whole world
Is gonna bring me down
No, nothing in this whole world
Is gonna bring me down
You don't need to be in love
To know how to paint the town

So if you're looking for me
And I'm not around
Heard ...where I keep found
Said nothing in this whole world
Is gonna bring me down

I ain't got no mansion on the hill
Can't get along to pay my bills
Nobody wait for me at home
To hold me tight when I'm all alone
No I ain't got no ...sky
But I got something that money can't buy
Said nothing in this whole world

Is gonna bring me down
Said nothing in this whole world
Is gonna bring me down
You don't need to be in love
To know how to paint the town

So if you're looking for me
And I'm not around
Heard ...where I keep found
Said nothing in this whole world
Is gonna bring me down
Said nothing in this whole world
Is gonna bring me down.
