Awake aware alone  
Lost and far from home  
I walk without these walls  
So there is less to fall

I am naked  
I have nothing left  
My bones are picked clean  
And riddled with regrets  
Nothing can touch me  
I've nothing left to take  
For I am naked  
But I can never break

Bombarded by brutal events  
Like the rays of a sun  
Knocked to my knees  
By the waves that continued to come  
Each time I rise to my feet  
I am knocked to the ground  
But I am an element  
Nothing can break me down

I am naked  
I have nothing left  
My bones are picked clean  
And riddled with regrets  
Nothing can touch me  
I've nothing left to take  
For I am naked  
But I can never break

Link after link in a chain  
Pulling hard at my limbs  
The search party's lost now  
The outlook is growing dim  
Praying for wisdom  
There's nobody left to impart  
But I am an atom  
And nothing can take me apart

I am naked  
I have nothing left  
My bones are picked clean  
And riddled with regrets  
Nothing can touch me  
I've nothing left to take  
For I am naked  
But I can never break

I am naked  
I have nothing left  
My bones are picked clean  
And riddled with regrets  
Nothing can touch me  
I've nothing left to take  
For I am naked  
But I can never break
