I'm in your absense tonight
You left me in the dark and took the light
So i'll wait in the silence that hides inside
And don't bother leaving the light on
(Chor)
Since thursday i feel like a different person
>From the depths of my soul comes a gentler version
Those are the blocks where i belong
I'll start a new race now your gone
The hardest thing is all the mess
I'm a stranger to myself
Your nothing without me as from today
I won't reply
there's nothing to say
(Chor)
But i'm still in your absense tonight
No excuses
I don't want to fight
Now i'm a differant person
>From the early light comes an educated version
I'll go outside and push on
Continue my search for the one.
