### "A Chaos Reserved"

Unintended consequence derived from willful  
ignorance  
Wake to find the rights you take for granted non-  
existent  
The world around you self destructs, centuries of blind  
trust  
Combine to form a worm to suck you dry for its own  
enrichment  
No consolation; enslaved by thieves and liars  
No resignation; embrace, adapt, survive

A seemingly deafening roar of silence  
Preceding a chaos reserved for giants  
Completely depleting imperial domination  
Bleeding its greed into a sea of subjugation

Free to be enslaved by the masters of your choice  
Corrupted republic infiltrated on every front  
By sycophantic agents of the bloodlines of royal cunts  
A legacy of squandering in mind numbing subterfuge  
Liberty inversion to nationwide servitude  
Conditioning the masses to be ignorant and consume  
Feeble minded drones taught to choose the path to  
total doom

Divide and conquer, strength in numbers  
The typical blueprint to seizing power  
The rise of a monster, feeding a hunger  
The violent extermination of evil fucking cowards  
A chaos reserved!

Your reign of ruin through deception and cold blooded  
crime  
Is hereby nullified  
The flame burns lucid, consuming this house of lies  
Devouring the bloodlines

Unintended consequence derived from willful  
ignorance  
Wake to find the rights you take for granted non-  
existent

The world around you self destructs, centuries of blind  
trust  
Combine to form a worm to suck you dry for its own  
enrichment  
No consolation; enslaved by thieves and liars  
No resignation; embrace, adapt, survive

A seemingly deafening roar of silence  
Preceding a chaos reserved for giants  
Completely depleting imperial domination  
Bleeding its greed into a sea of subjugation
