Such sordid words have fallen
Into deaf ears
A mind ignored in swollen form
And without fear

Today I show my face
And whispers turn into screams,
Visions of what might have been
And what will never be
Conforming to rejection
Coexisting pain until abnormal is routine
And it's routine to tolerate

The scars are embedded
Lost in translation
Spoken too softly
Or maybe you didn't hear me
Carved in reflection
The beast in the beauty
Loathing and listening
Or maybe you weren't listening
Oh

So where will you run
If the sky starts falling
When your home is nowhere to be found
Will you remain
Unscarred beyond relentless crawling
When your world comes tumbling down

Today I showed my face
And whispers turned to screams
Visions of what might have been
And what will never be [x2]

Cause and effect
And ignorance is bliss
Words can be weapons
If that is what you wish
Pause and reflect
With the blade at your wrist
The silence is deafening

And screams all of this
