Your feelings have become a twisted... game  
Your life has trasfered into one long... pain  
Nothing to... gain  
Nothing will... remain  
Blank yourself out of existence, and get the fuck out,  
now!

(Chorus)

Shout to the devil, and the lord will cry  
I'll rip out your lifeline  
Slash my own skin, and burn the heavens  
This is an abnormal genocide

(Echo's)

Take me down  
Take me down  
Take me down  
Take me down (x4)

I rose on my feet, from being knocked back... down  
I can't feel my limbs, stuck on the cold dark... ground  
I clench at the sky, and breath my last dieing... breaths  
My life is shalowing away, I want to se the... rest  
Cold and... lonely

Decay and... moldy

(Chorus)Shout to the devil, and the lord will cry

I'll rip out your lifeline  
Slash my own skin, and burn the heavens  
This is an abnormal genocide

(Echo's)

Take me down  
Take me down  
Take me down  
Take me DOWN!

(Screamed)

I don't wanna die tonight!

(Talking)

I just want to realize that I have broken my sin, and  
taken all that's evil within and shoved down your  
fucking throat, cause if I'm going down, your coming  
with me

(Chorus)

Shout to the devil, and the lord will cry

I'll rip out your lifeline  
Slash my own skin, and burn the heavens  
This is an abnormal genocide  
Take me the fuck down, and you'll fall too!
