"Angel Eyes"

A single gaze
I'm lost in a maze
No where to run
No where to hide.
But why would I try
I don't want to run
I want to stay, and find myself lost
Lost
Lost
Lost in your eyes,
When I gaze
I see a heaven
Of You and of me
One and together.
With every pain
And every hurt way
Your eyes show the truth
That your body can't handle
But no matter how
And no matter what
They always gave life, and your features truth
Please don't look away, I feel I may break
Though I could live without you, I wish not to find out
Am I asking forever... No I'm not
I'm asking for now, for now is forever.
Look through your eyes, I want you to see me
For all I see... is the eyes of an angel, through and
through.
