Pred kapijom vecnosti  
Bez zurbe I bola dolazi kraj  
Cekaju na nas jahaci posasti  
Da krenu u pohod svoj

God of darkness sleeping this night  
Time to kill, ready to strike  
Dreams of insanity, fear and despair  
Slowly slipping into nowhere

Pomoli se sada usnuli boze  
Jer vecna glad I mrak za tobom sezu  
U beskrajnu tamu kostiju I koze  
Da isperes savesti svoje grizu

God of darkness sleeping this night

Time to kill, ready to strike  
Dreams of insanity, fear and despair  
Slowly slipping into nowhere

Dugo je tama u mom telu  
Pristajem na sve bez straha sada  
Pred sobom vidim buducnost celu, kao krvavu strelu  
Leti ka meni, stize me kad tad, osecam pad

Krv u venama spremna je na sve  
Samo je pusti napolje nek oboji tle  
Nek kapne u mrak I svetlosti zrak  
Pretvori je u glas sto doziva spas
