Wrath  
Purifying the scum of the earth  
I was born to murder the world

I'm a tool created by your apathic society  
Feeding on my sadistic intent  
Bleed bleed bleed for the semen god  
I murdered over thirty and still crave more  
Kneel kneel kneel for the semen god  
I batter your genitals to pulp  
Sculpture of my tormented thoughts  
Crushing gutting tearing your limbs apart  
As chunks of demormed meat  
Are dripping from my knife

Consumed by frustration  
Murder is my salvation  
Coagulated semen, bursting  
Through the stomach wall  
I suck your semen bloodtide

Died by my hand  
I shall dismember and sever  
Died by my hand
