The darkness is created  
Death, war, fear of misery  
The pain of unsuccess  
Triumph of victory  
The unknown – the symbol of fear

Sada zelim da znam  
Da znam misli boga  
Zvuk, glas I razlog  
Svega toga

I am not afraid of hell  
I fear of heaven  
Killed by loneliness

Struggle and defeat  
The knowledge of life  
Now I clearly say the words:  
Odlazim zauvek!

Now I want inside  
In the mind of god  
Sound, voice  
And the reason for all  
The base of hate

Hate to be afraid  
Afraid of hate
