Old friends become cold friends  
That pain stops, life begins to mend the wound  
In my mind I knew I would always heal  
I rose today looked deep into my heart soul, I know  
exactly whats real

So I dedicate relate this to you  
"Dedicate relate through you" fuck you  
Do it just to irritate you, fuck you

They'll always try stop you growing  
Always question what you're knowing  
They'll always question what is real  
In your heart, in your soul, in your mind  
FUCK THEM

Old friends now irrelevant, their pain keeps growing,  
mine lays stagnant  
Buried deep within my past,  
Attitudes lay null and void, opinionate you've tried told  
But I laughed so hard on this that you pray

(Repeat Chorus)

Old friends dagger in hand  
Face back turned start attacking  
Weakness, what a laughable approach  
Water off a ducks back  
Another time no need to back track  
Leave your spineless views just walk on
