I've seen through your dollar sign smile
Exploitation of weaker times grieving suffering not
mild

Cash flow the only thing on your mind
Behind your desk hands together rubbing
Your mind drifting focusing on one thing
What usually happens here is just profiting
But keep talking, yes I'm listening

You're so fucking kind caring exists
Where profit worsens grief
[Repeat]

Understand it costs a lot to show respect
Fees here and you take whatever's left
Sign here for the afterlife special deal
Consoling pat on the hand how do you feel

I see through your dollar sign smile
Exploitation of weaker times grieving suffering not
mild
Cash flow the only thing on your mind

You're so fucking kind you see them coming
You know they'll fall with pockets open
You'll catch them all laid to rest
Time for respect but in your eyes
There's dollar signs
[Repeat]

A dollar sign smile
With dollar sign smile
[Lead Gooch]

Your profit worsens the grief
There's no let off or release
Your profit worsens the grief
Let's see how you cope
When it's your time
