Where do we go now?

I don't know...

When is this over?

Fading fast...

And it's hard to know what you're thinkin,

When you hide inside your head,

You're still promising affection... affection...

With empty words...

With empty words...

With empty words...

With empty words...

[chorus]

And it's hard to break a habit (you're lost inside it)

Who do you love now?

And it's hard to break a habit (you're lost inside it)

Who do you love now?

Who do you love now?

Who do you love now?

??? A moment ago mist cuts through me (cuts through me),

I try to remember what I believe (what I believe).

You're the cause of my confusion,

Causin doubt the way I feel.

How come I can see so clearly?

So clearly...

Fighting to breathe...

Fighting to breathe...

Fighting to breathe...

Fighting to breathe...

[repeat chorus]

Who do you love now?

Who do you love now?

(Who do you love...?)

Who do you love...?

Who do you love...?

Who do you love...?

Who do you love...?

Who do you love...?)

[repeat chorus X2]

(Who do you love...?)

Who do you love...?

Who do you love...? Who do you love now?

Who do you love...?

Who do you love...?

Who do you love...?

Who do you love...? Who do you love now?

Who do you love
