Feel shadows of my past right now
It makes me wonder how
Pain can be so loud, uh, uh
You never know it hurts so bad
Monsters in my head
Lifeless cruel and sad
Devils saying hey
There's no other way
Come! Come! Come! Come!
Come! Come! Come! Come!

You don't even know it hurts so bad
Devils saying hey
There's no other way!
Feel the shadow of my past right now
Feel the shadow of my past right now
Come! Come! Come! Come!
Come! Come! Come! Come!
