You always laugh
when I cry
I'm always looking to tomorrow
as you mourn the days gone by
You always tread
on my toes
But my guiding hand of love
is helping everywhere you go
I'm always wrong
you're always right
But I can see right through the lies
To the never changing light

Rain on me
my arms are cold
I want to get home
but there's water on the road
And if I do
you will not change
I'm just a singing satellite

In an orbit that is strange.

I want to love
I want to smile

Get your arms inside my head
and stop me thinking for a while
I'm just a fool
Hung on a sting
But since you put these thorns around my head
You know I am a king

A king
A king of everything and nothing
I'm on my way to heaven...

I'm always here
I'm in denial
When there's nothing left between us
I will stay another while
You know you're free

You've got your wings
And I am just another angel
With a voice who wants to sing
Yeah, yeah, yeah
Almighty
I'm on my way to heaven
Yeah, yeah, yeah
I'm on my way to heaven

I want to cry
I want to steal
A little ray of perfect sunshine
From the sun above the hill
I want to laugh
I want to smile
Get your arms inside my head
Stop me thinking for a while
I'm just a fool
Hung on a sting
But since you put these thorns around my head
You know I am a king
A king
A king of everything and nothing
I'm on my way to heaven...
