[Missez]

Boy you make me want to sing you a love song

[repeat a couple of times during the song]

"Blame it on the bass y'all, Trill on the bass y'all"

[Paul Wall overlaps as Missez harmonize]

Swishahouse...fo' real..

Paul Wall...Missez...

[Missez - Verse One]

Step into the club the, place be-ing so loud

Boy I see you peep-in, me through the smoke cloud

Gotta play it off, I gotta keep my cool, I -

Gotta know your name because I'm feel-in you

So I walk up to you slow, said,

"Baby would you like to get to know me?"

Then you put you hands up on my body, baby don't let
go

Anything you want boy you can have, I'm yours

[Chorus 2X]

Uh, ahhhh, come on baby give it to me

Just like that, boy you know exactly

what I need from you, yeah you really turn me on

Boy you make me wanna sing you a love song

[Verse Two]

Temperature's a-rising, you got me hoping

that your love is hypnotizing, to the next level boy

with you is where I wanna go, but if I'm movin too FAST

Baby just let me know...let me know.. (just let me
know...)

There something 'bout the way you move that makes
me wonder

how you work it 'cause my sheets I want you under

Don't STOP 'cause I LIKE what you DOIN' babe

Keep it goin right there, you make me wanna say..

[Chorus 2X]

[Paul Wall]

Aye - excuse me misses, I see you peepin me; what it do?

Gone and give me a minute or two, and you gon' be wantin' to call me boo

Paul Wall baby that's my name; in the bed I'm off the chain

I'm comin at you rough and untamed

Can you keep up, can you hang?

Trust me girl you won't complain, the bed springs gone stay squeakin

Yo insides gon' stay creamin, 'cause all night I'm gon' stay freakin

All night it's gon' go down, but hold on baby, I don't go down

I keep yo head spinnin around and have you makin all kinda sounds

I have you moanin, have you squealin, baby ya ain't never had this feelin

You can call me the Love Doctor 'cause I'm gon' give you that Sexual Healin

I'm known for back breakin, I'd slip you up outcha weave

and when I'm finished, that next mornin'

Lil' mama ya ain't gon' wanna leave

I tell the truth I don't deceive, I'm discrete I don't kiss and tell

I put it on ya just like a spell, I do the do and I do it well

No minuteman baby I go long, I go hard and I go strong

Lay it on ya and I'm gon' have you wantin to sing me a love song

[Chorus 2X]

[Paul Wall overlaps as Missez harmonize]

Swishahouse...fo' real..
