(Missez Verse 1)

Step into the club, the place being so loud.  
Boy I see you peepin' me through the smoke cloud.  
Gotta play it off I gotta keep my cool, Iâ€™.  
Gotta know your name because I'm feelin you  
So I walk up to you slow, said baby would you  
Like to get to know me. Then you put you hands up on  
my body..  
Baby don't let go, anything you want boy you can have  
I'm yours.

(Chorus x2)

Uh ah come on baby give it to me, just like that  
Boy you know exactly what I need from you  
Yeah you really turn me on.  
Boy you make me wanna sing you a love song.

To the next level boy with you is where I wanna go, but

That makes me wonder, how you work it cuz my sheets

Don't stop cuz I like what you doing babe keep it goin  
right there  
You make me wanna sayâ€™.
