When I look into your eyes (I see),  
Something that I couldn't live without,  
Even though I haven't lived it for a day.

And if you'll listened to the words I say,  
Then this could change the both of us,  
For better or worse... I mean it's probably worth a  
shot.

For you to...  
Hush, (Hush)  
Right Now, (Right Now)  
You're gonna hear something you haven't heard  
Before, (Before)  
This Time, (This Time)  
I'll lay it out for you

Just like all those times,  
We Walked and held hands on the beach...  
Oh God, I loved those times,  
I'm gonna tell you something you'll never forget  
Now hold on beautiful,  
I'm not done.  
Telling you how much I care  
I'm gonna tell you something you'll never forget  
What would you do if I had of told you,  
Every I said was a...  
Lie and I didn't mean a single word that came out of  
my...  
Mouth!

Why does it matter all of a sudden to you?

You should really make up your mind,  
And tell me the truth...

Hush, (Hush)  
Right Now, (Right Now)  
You're gonna hear something you haven't heard  
Before, (Before)  
This Time, (This Time)  
I'll lay it out for you

Just like all those times,  
We smiled and held hands on the beach...  
Oh God, I loved those times,  
I'm gonna tell you something you'll never forget  
Now hold on beautiful,  
I'm not done,  
Telling you how much I care,  
I'm gonna tell you something you'll never forget  
(Forget)!
