Good intentions never get me too far
I find myself believing you find where you are
Life isn't just about, just getting by for now
Everybody needs a second chance
Wherever you stand it's never,

It's never too late
To change your life
The story's not over
The ending is right
Whatever it takes, just to see you smile
I need a new beginning now
I need to make to make it right
And change my life
Yeah

I sit and wait for a while, I fell through the cracks
I realize how much I missed and I want it back
Is there a way for me to change who I used to be
And all I needed was a second chance
To show you that I needed this time

It's never too late
To change your life
The story's not over
The ending is right
Whatever it takes, just to see you smile
I need a new beginning now
I need to make to make it right
And change my life

In this darkness, find some kind of light
Cannot take what's wrong with me inside

It's never too late
To change your life
The story's not over
It's never too late
To change your life
The story's not over
The ending is right
Whatever it takes, just to see you smile

I need a new beginning now
I need to make to make it right
And change my life

The story's not over
To change my life
The ending is right
Whatever it takes, just to see you
I need a new beginning now
I need to make it right
