Time's gone by, I'm getting older
Never thought I'd be alone
These late nights are getting colder
With only memories to hold

These empty moments
They have changed me
Just take a moment
Let me show you what was missing in me

So it's you I wanna hold
Even though it's me that let you go
If you can find a way this time
For us to start over

Hear me out
Let me say what I've gotta say
Cause I won't let you get away
If we can find a way this time
For us to start over

There are certain things about you
I won't let myself forget
And all this time I've spent without you
Has got me living in regret

These empty moments
They have changed me
Just take a moment
Let me show you what was missing in me

So it's you I wanna hold
Even though it's me that let you go
If you can find a way this time
For us to start over

Hear me out
Let me say what I've gotta say
Cause I won't let you get away
If we can find a way this time
For us to start over

You are the one who got away
Letting go was a mistake
And I need a second chance
To show you I am not the same
And Iâ€™m dying to let you know

So itâ€™s you I wanna hold
Even though itâ€™s me that let you go
If we can find a way this time
For us to start over

So itâ€™s you I wanna hold
Even though itâ€™s me that let you go
If you can find a way this time
For us to start over

Hear me out
Let me say what Iâ€™ve gotta say
Cause I wonâ€™t let you get away
If we can find a way this time
For us to start over
