NTRO:

-Yeah, you know what that sounds like right?
-What it sound like?
-That's the sound of success
-I like that, yeah!
-Drew Astro
-Mad Clip
-and anybody else in the world who got haters! Aye
Okay!
-Yo check!

CHORUS:

-Pour some wine in my cup while there's food in my plate
-Money and success grow together like grapes
-When I was doing bad, they were feeling great
-Now I'm doing good so a hater gotta hate
-I let a hater hate, I let a hater hate
-I was doing bad now I'm doing great
-I let a hater hate, I let a hater hate
-see I was doing bad, now I'm doing great!

VERSE 1 (Mad Clip):

Let me wipe my shoes, it's been so hard but I paid my dues...
Feeling like I just climbed a mountain from hell but I'm on top of my peak so I gotta prevail...
I'm on top of my speech so my music can't fail, gotta listen to this quality this shit gonna sell...
Haters hate, yup, they say "what the f**k?, How this bum ass rapper get around in that truck?...
How this bum ass rapper get a hold of that chain?", I really don't care y'all haters the same...
But these lanes complain about true to the game, I guess getting money is a god damn shame...
Call me Petey Bentley not Petey Pablo, I'm Rarri Ferrari
I'm past diablo...
Success my motto, but I don't play lotto, see I pop hollows, y'all pop bottles!..

CHORUS:

-Pour some wine in my cup while there's food in my plate
-Money and success grow together like grapes
-When I was doing bad, they were feeling great
-Now I'm doing good so a hater gotta hate
-I let a hater hate, I let a hater hate
-I was doing bad now I'm doing great
-I let a hater hate, I let a hater hate
-see I was doing bad, now I'm doing great!

VERSE 2 (Drew Astro):

Aye okay! Damn I'm good, think about it you knew I would...
Hating on me? hell yeah you should, cuz I'm only doing things you wish you could...
Steady getting paid waking up to a good mood, looking at my plate like this is some good food...
Amen! This is a good move, it's so evident that I am some good proof...
Nah! This is not a mirage, got a bad ass chick like Nicki Minaj...
You need some help well I need a massage, life's too small so I live too large...
Yeah, keeping it real till I die, I'm light on my feet but I'm hard on my grind...
Teaching these kids how to speak their mind, stop looking at your watch, it's my time!..

CHORUS:

-Pour some wine in my cup while there's food in my plate
-Money and success grow together like grapes
-When I was doing bad, they were feeling great
-Now I'm doing good so a hater gotta hate
-I let a hater hate, I let a hater hate
-I was doing bad now I'm doing great
-I let a hater hate, I let a hater hate
-see I was doing bad, now I'm doing great!

OUTRO:

-It's so beautiful, it's so amazing, they keep hating, but I don't blame em, GO!...
-On some real sh**, y'all can hate all you want, but we never gonna stop NO!..
