Iâ€™ve got my motherâ€™s dreams,
Iâ€™ve got my fatherâ€™s eyes.
You canâ€™t take that from me,
Just go ahead and try.
Theyâ€™ve done so much for me,
So the least I can do,
Is always remember them,
Even after I die.

How do they do this?
I donâ€™t understand.
Standing by me with bliss,
And holding my hand.
Then they look at me,
And say.

Weâ€™ll always love you
(They say, they say)
Weâ€™ll always love you
(They say, they say)
Through the good, through the bad,
With you we canâ€™t stay mad.
Weâ€™ll always love you.

My parents gave me life,
But life will never stay.
No one ever lives twice,
So make the best of your days.
I know Iâ€™ll always love them,
And theyâ€™ll return that love.
You canâ€™t take that from me,
Just go ahead and try.

They always know,
When something is wrong.
I donâ€™t know how.
But, I do know why.
Because theyâ€™re always saying.

Weâ€™ll always love you
(They say, they say)

Weâ€™™ ll always love you
(They say, they say)
Through the good, through the bad,
With you we canâ€™™ t stay mad.
Weâ€™™ ll always love you.

Donâ€™™ t leave! Donâ€™™ t leave!
Donâ€™™ t leave! Donâ€™™ t leave!
Donâ€™™ t leave! Donâ€™™ t leave!

(Because Iâ€™™ ll be)
Choking on the wet tears,
Upon my reddened face.
Iâ€™™ ll want to see you appear,
And give me an embrace.

Weâ€™™ ll always love you
(They say, they say)
Weâ€™™ ll always love you
(They say, they say)

I know that day has to come,
But, it better stay in the future.
It canâ€™™ t come soon.
Canâ€™™ t come soon!
I wonâ€™™ t let it!

Weâ€™™ ll always love you
(They say, they say)
Weâ€™™ ll always love you
(They say, they say)
Through the good, through the bad,
With you we canâ€™™ t stay mad.
Weâ€™™ ll always love you.
Always love you!
