Ill be in my room alone
Evry Post Meridian
And Ill be with my diary
And that book by Mister Gideon

Bye Bye Baby,
Remember youre my baby
When they give you the eye
Although I know that you care,
Wont you write and declare
That though on the loose,
Yuo are still on the square,
Ill be gloomy
But send the rainbow to me
Then my shadows will fly,
Though youll be gone for a while
I know that Ill be smiling With my baby bye and bye

Bye, Bye Baby,
Remember youre my baby
when they give you the eye,
And just to show that I care,
I will wirt e and declare
That Im on the loose,
But Ill stay on the square,
Ill be lonely
But even though Im lonely
Therell be no other guy,
Though Ill be gone for a while
I know that Ill be smiling
With my baby bye and bye
With my baby, bye and bye.
