Try if you can and if you can't

Sing if want and if you can't

make a sound

Go on and on and on 'til you can't go on

and on any longer

Cry if you can and if you can't

Fall to the ground without a sound

Hold on and on and on won't you hold on

an don and on, don't you let go

Cause I will be around

To catch you when you're down

You see, it's all about hope, so don't lose

sight now

It's all about faith, so don't give up on me

It's all about trust, lifting you up, I'm

holding you safe

Under my wing

Try if you can an if you can't

Sing if you want, and if you can't

make a sound

Go on and on and on 'til you can't go on

and on any longer

Cry if you can and if you can't

Fall to the ground without a sound

Hold on and on and on won't you hold on

an don and on, don't you let go

'Cause I will be around

To catch you when you're down

I will be around
